LET'S LEARN ABOUT

# SPACE

**"SPACE STATIONS" WITH THE IOWA CHILDREN'S MUSEUM**

Join us for an out-of-this-world adventure! Kids will design their own spacecraft, build a moon base, and discover how telescopes like the James Webb capture stunning images of our universe. With interactive stations and plenty of creativity, this stellar adventure will bring the wonders of space to life!

Designed for elementary-aged learners. All are welcome!

**FEB. 25 | 6:00 PM**

510 2ND AVE  
VINTON, IA 52349**

THE IOWA  
**CHILDREN'S**  
museum

The *Space Stations* program is made possible through a partnership with **The Iowa Children's Museum**, **NASA**, and the **Iowa Space Grant Consortium**. This hands-on space adventure is one of many *Space Station* events happening at libraries throughout the area! Learn more at [theicm.org/spacestations](http://theicm.org/spacestations)
